Attributes

Product Description

The Netis E3 Dual Band WiFi Router delivers fast and stable wireless connectivity with 2.4GHz + 5GHz dual-band support and speeds up to 1200Mbps, perfect for seamless streaming, gaming, and multitasking. Equipped with two 3-dBi high-gain antennas and a coverage range of 120–200m², it ensures reliable signal throughout your home or office. Features 1 RJ45 port for wired connections and intelligent bandwidth control for optimized internet performance. Easy setup and management make it ideal for both home and small business networks.
