Product Description

The Netis P116GC is a 16-port PoE Gigabit switch designed for high-performance home, office, and business networks. It features 16×10/100/1000M PoE ports for data and power, 2 uplink RJ45 ports, and a built-in 240W power supply. With 2K MAC address table, VLAN port isolation, and watchdog mode, this PoE switch ensures stable, secure, and reliable network connectivity. Its store-and-forward switching scheme provides efficient data handling, making it ideal for IP cameras, access points, and network expansion.
