Product Description

The Netis ST105D is a reliable 5-port 10/100Mbps Fast Ethernet switch designed for stable and secure network connections. Featuring a durable high-quality steel housing, auto MDI/MDI-X support, and energy-saving plug-and-play functionality, it ensures hassle-free installation. Equipped with 6 sapphire green LED indicators and a 5V/800mA power supply, the ST105D delivers efficient, fast, and durable networking for home and small office environments.
