Product Description

The Apple Magic Mouse USB-C is a sleek and versatile wireless mouse designed for seamless use with Mac and iPad devices. It features a multi-touch surface that allows intuitive gestures for scrolling, swiping, and navigation, enhancing productivity and ease of use. The mouse is rechargeable via USB-C and offers long-lasting battery life, eliminating the need for disposable batteries. Its optimized foot design ensures smooth and precise tracking on most surfaces, while automatic pairing makes setup effortless. Lightweight and portable, this Magic Mouse combines ergonomic design and advanced functionality for a smooth and efficient computing experience.
