Product Description

Longse BMSDFCV8RC is an 8MP dual light hybrid IP camera designed for advanced outdoor security. Featuring 1/2.7" Progressive Scan CMOS, Fullhan SOC, and HDR, it delivers clear video at 8MP@20fps, 6MP@20fps, 5 MP@20fps, and Full HD 1080P/720P. With smart hybrid lights combining IR and warm lighting, and internal POE with built-in mic, it supports intrusion detection based on human and vehicle shape. Built with durable metal and plastic housing (69.8×67.0×176.6mm), this camera ensures reliable, high-performance surveillance for homes and businesses.
