Product Description

The iPad Pro offers an exceptional experience with its 11-inch Ultra Retina XDR display, featuring ProMotion, P3 wide color, and True Tone for vivid visuals. Powered by the M4 chip with a 10-core CPU and GPU, it ensures lightning-fast performance, with storage options up to 2TB. iPadOS enhances productivity, allowing multitasking with Stage Manager and compatibility with Apple Pencil and Magic Keyboard for immersive drawing and efficient note-taking. It also boasts a 12MP Ultra Wide front camera, 12MP Wide back camera, and LiDAR for enhanced AR experiences. With Wi-Fi 6E, USB-C, and Thunderbolt/USB 4 connectivity, the iPad Pro is perfect for seamless file transfers and connecting to external devices. Face ID provides secure unlocking and easy sign-ins with just a glance.
