Product Description

ASUS V16

Experience next-generation gaming and productivity with the ASUS V16 V3607VM-DS79 Gaming Laptop Core Ultra 7 240H RTX 5060. Built for gamers, content creators, and power users, this high-performance laptop combines Intel's latest Core Ultra processing technology with NVIDIA RTX graphics to deliver exceptional speed, responsiveness, and immersive visuals.

Powered by the Intel Core Ultra 7 240H processor, 32GB RAM, and a spacious 1TB SSD, the ASUS V16 handles demanding games, multitasking, content creation, video editing, and professional workloads with ease. The dedicated NVIDIA GeForce RTX 5060 8GB graphics card delivers advanced AI-powered gaming performance, ray tracing, and smooth frame rates for modern AAA titles and creative applications.

Its large 16-inch WUXGA display with a 1920 × 1200 resolution and 144Hz refresh rate provides sharp visuals, fluid motion, and an immersive gaming experience. The 16:10 aspect ratio offers more vertical screen space for productivity and multitasking. Finished in a sleek Black design with a backlit keyboard, the ASUS V16 combines

powerful hardware with a modern gaming aesthetic.

Running Windows 11, this laptop is designed to provide the performance, speed, and reliability needed for both competitive gaming and professional workloads.
