Xiaomi Redmi A7

Price: Rs. 15,999

Attributes

Product Description

Redmi A7 (3GB RAM, 64GB Storage)

Experience smooth performance and reliable everyday functionality with the Redmi A7. Designed for users who need a dependable smartphone at an affordable price, it features a large 6.88-inch 120Hz LCD display that delivers fluid scrolling and an immersive viewing experience. Powered by the UNISOC T7250 processor, the device handles daily tasks, browsing, and entertainment with ease.

Capture your favorite moments with the 13MP AI dual-camera system, while the 5MP front camera ensures clear selfies and video calls. The massive 5200mAh battery provides long-lasting power throughout the day, supported by 15W fast charging via USB Type-C for convenient recharging.

For added security, the Redmi A7 comes equipped with a side-mounted fingerprint sensor and AI face unlock. It also supports Dual SIM functionality and expandable

storage via a microSD card, making it an ideal choice for users seeking performance, convenience, and value.
