Product Description

FANTECH ORBIT HG25 7.1 VIRTUAL SURROUND SOUND GAMING HEADSET

FANTECH ORBIT HG25 7.1 Virtual Surround Sound Gaming Headset is a comfortable wired gaming headset designed for immersive gaming, clear team communication, and long gaming sessions. It features virtual 7.1 surround sound, a large 50mm driver unit, RGB lighting effects, and a noise-canceling microphone, making it a solid choice for gamers looking for performance and style.

Key Features

- □□ **Virtual 7.1 Surround Sound** for enhanced positional audio in games.
- □□ **50mm High-Performance Drivers** deliver powerful bass and clear sound.
- □□ **Noise-Canceling Omni-Directional Microphone** for crystal-clear voice communication.

- □□ **RGB Gradient Lighting Effects** for a gaming-inspired look.
- □□ **Superior Comfort Over-Ear Design** with breathable ear cushions.
- □□ **Easy On-Ear Volume Control** for quick audio adjustments.
- □□ **USB Plug-and-Play Connection** with a 2-meter cable.
