Product Description

The **Logitech MK250 Compact Bluetooth Wireless Combo** is an eco-friendly, high-performance peripheral set designed to streamline your daily workflow without cluttering your desk. Engineered with **Bluetooth Low Energy (LE) technology**, this dongle-free wireless keyboard and mouse bundle connects seamlessly in seconds, freeing up valuable USB ports on your laptop or PC. The space-saving, spill-resistant keyboard features a full numeric keypad and integrated tilt legs for an optimal 7-degree ergonomic typing angle, while the contoured, ambidextrous mouse delivers smooth 1,000 DPI optical tracking for pinpoint cursor precision. Boasting a robust 12-month battery life for both devices and multi-OS compatibility across Windows, macOS, and ChromeOS, the MK250 is built for modern multi-device environments. Crafted with a minimum of 64% post-consumer recycled plastic, this sustainable, budget-friendly Logitech Bluetooth desktop setup offers the perfect blend of long-lasting reliability, travel-ready portability, and trusted brand quality.
