Product Description

Product Description

Power through AAA games, creative projects, and demanding multitasking with the Acer Nitro V 15 ANV15-52-5302 Gaming Laptop Core 5 210H RTX 4050. Built for gamers, creators, and performance enthusiasts, this gaming laptop combines Intel's latest Core 5 processing power with NVIDIA RTX graphics to deliver smooth gameplay, fast responsiveness, and immersive visuals.

Powered by the Intel Core 5 210H processor, 16GB DDR5 RAM, and a fast 512GB NVMe SSD, the Nitro V 15 delivers quick load times, seamless multitasking, and reliable performance for gaming, streaming, video editing, and everyday productivity. The NVIDIA GeForce RTX 4050 6GB graphics card brings advanced ray tracing, AI-powered DLSS technology, and high frame rates for modern games and creative applications.

Its 15.6-inch Full HD IPS display with a 165Hz refresh rate provides ultra-smooth visuals, reduced motion blur, and a competitive edge in fast-paced games. Acer's advanced cooling system helps maintain peak performance during extended gaming sessions, while the sleek Nitro design and backlit keyboard complete its premium

gaming aesthetic.

Running Windows 11, the Acer Nitro V 15 is built to deliver exceptional gaming performance and everyday versatility in one powerful machine.
