Product Description

Product Description

The **Acer Nitro XZ342CU V** is built for immersive gaming, multitasking, and entertainment with its expansive 34-inch ultra-wide display. Featuring UW-QHD resolution (3440 × 1440) and a smooth 180Hz refresh rate, it delivers sharp visuals, fluid motion, and a wider field of view for an enhanced gaming experience. Its ultra-wide curved display offers more screen space for gaming, productivity, and content creation, making it an ideal choice for gamers and professionals alike.

Product Highlights

- 34-inch immersive ultra-wide display
- UW-QHD resolution for sharp, detailed visuals
- 180Hz refresh rate for smooth gaming
- Wider 21:9 viewing experience
- Ideal for gaming, multitasking, and entertainment
